Members:

- Cristopher Inostroza
- Michael Sy
- Nicole Attard
- Sharif Ayazi
- Steven Pigatto
- Theodore Haluska lii

Action Items:

1. Report writing

- This week everyone to focus on incomplete sections as Cris works on chatbot
 - Add dot points to each section for now
 - Plans + progress = how we started and what we've done to create chatbot
 - Roles = pick 4 from list but discuss all roles involved in creating a chatbot
 - Each person to note in Teams chat or in a comment on shared Assessment 3 document which position description they are working on
- **By Friday 12/11 - complete Team Profile + overview sections**
 - Team profile section almost complete
 - Nicole to add career plan
 - Career plans may need more information from each person - where do we want to go and how do we get there? Different positions and role as we progress on career path
 - Need to compare and contrast career plans for each person
 - Overview = similar to draft script (topic/motivation/landscape)

- **Chatbot project** - may need to include code for chatbot onto Appendix / GitHub pages
 - Attach coding files and put link to those files onto the website (project file) - artifact?
 - Hosting/Embedding Issues
 - May be difficult to host on GitHub pages
 - Cris currently attempting to host on AWS cloud server
 - Create link from chatbot to website to attach chatbot to.
